

ADVANCES IN THE ENDOLUMINAL TREATMENT OF CHRONIC VENOUS DISEASE(S)

7th International Course on
Sclerotherapy in Phlebo Aesthetics
and Venous Pathology of the
Spanish Chapter of Phlebology
and Lymphology

MADRID | 30th NOVEMBER - 1st DECEMBER, 2017

Supported by →

Spanish Society of Angiology and Vascular Surgery

Organized by →

Angiology and Vascular Surgery Unit, Cruz Roja Central Hospital

Irene Antelo Pérez (Nurse)

Carlos A. Barrio Rodríguez (Vascular surgeon)

Virginia Casanova Colominas (Nurse)

María Ángeles Cobos Pozo (Nurse)

M^a Liduvina Colorado Vinuesa (Nursing assistant)

José Ignacio Fernández Solares (Vascular surgeon)

Aurora Flórez González (Vascular surgeon)

Marta Gamó González (Nurse)

M^a Teresa Guerra Arabolaza (Nurse)

Mariana Herranz Mañas (Nurse)

Paloma López Beret (Vascular surgeon)

Lara Mercado García (Nurse)

Agnieszka Nowak Tarnawska (Vascular surgeon)

Julio Alberto Paz (Anaesthetist)

Belky Paz Núñez (Vascular surgeon)

Lourdes Reina Gutiérrez (Head of the Angiology and Vascular Surgery Unit)

Teresa Rubio Capello (Anaesthetist)

Fernando Simón Cirujano (Head of the Anesthesia Unit)

Spanish Chapter of Phlebology and Lymphology

Scientific direction →

Carlos Barrio Rodríguez

Maria do Sameiro Caetano Pereira

Fidel Fernández Quesada

Ignacio Fernández Solares

Aurora Flórez González

César García Madrid

Paloma López Beret

Agnieszka Nowak Tarnawska

Belky Paz Núñez

Javier Pérez Monreal

Lourdes Reina Gutiérrez

Director of the course

Lourdes Reina Gutiérrez

Head of the Angiology and Vascular Surgery Unit. Hospital Central de la Cruz Roja, Madrid.

Participants

Agustín Arroyo Bielsa

Head of the Angiology and Vascular Surgery Unit Clínica Nuestra Señora de América, Madrid. SEACV Vocal of Professional Subjects. Member of the Scientific Committee of the Spanish Chapter of Phlebology and Lymphology.

Carlos A. Barrio Rodríguez

Angiology and Vascular Surgery. Hospital Central de la Cruz Roja, Madrid.

Maria do Sameiro Caetano Pereira

Angiology and Vascular Surgery. CIGEVA, Cirugía y Estudios vasculares, Portugal

Fidel Fernández Quesada

Angiology and Vascular Surgery. Hospital Clínico Univ. San Cecilio, Granada. President of the Spanish Chapter of Phlebology and Lymphology.

José Ignacio Fernández Solares

Angiology and Vascular Surgery. Hospital Central de la Cruz Roja, Madrid.

Aurora Flórez González

Angiology and Vascular Surgery. Hospital Central de la Cruz Roja, Madrid.

César García Madrid

Angiology and Vascular Surgery. Hospital Clínic, Barcelona

Paloma López Beret

Angiology and Vascular Surgery. Hospital Central de la Cruz Roja, Madrid.

Agnieszka Nowak Tarnawska

Angiology and Vascular Surgery. Hospital Central de la Cruz Roja, Madrid.

Belky Paz Núñez

Angiology and Vascular Surgery. Hospital Central de la Cruz Roja, Madrid.

Javier Pérez Monreal

Vascular Medicine. Hospital de día Quirón, Zaragoza. H. MAZ, Zaragoza. Member of the board of the Spanish Chapter of Phlebology and Lymphology.

Lourdes Reina Gutiérrez

Head of the Angiology and Vascular Surgery Unit. Hospital Central de la Cruz Roja, Madrid. Secretary of the Spanish Chapter of Phlebology and Lymphology.

Program → Thursday, 30th november 2017

08:00-08:30 **Document Collection.**

08:30-08:45 **Presentation of the course.**

Dr. Manuel Ballarín Bardají. *Manager of the Cruz Roja Central Hospital.*

Dr. Lourdes Reina Gutiérrez. *Head of the Angiology and Vascular Surgery Unit. Cruz Roja Central Hospital.*

Dr. Fidel Fernández Quesada. *President of the Spanish Chapter of Phlebology and Lymphology.*

FIRST SESSION : SAPHENOUS VEIN ABLATION I

Chairman: Dr. Javier Pérez Monreal / Dr. Agustín Arroyo Bielsa

08:45-08:55 **What ablation technique should be selected for saphenous vein treatment: which one is better to start**

Dr. Lourdes Reina Gutiérrez

08:55-09:00 **OPERATION ROOM 1. Practical Case. Clinical presentation: CVD 2 CEAP with saphenous vein incompetence.**

Dr. José Ignacio Fernández Solares / Dr. Aurora Flórez González / Dr. Agnieszka Nowak Tarnawska

09:00-09:10 **Indications, technique and what you should never forget in radiofrequency ablation of saphenous vein**

Dr. Maria do Sameiro Caetano Pereira

09:10-09:20 **Discussion**

09:20-09:50 **OPERATION ROOM 1. Practical Case. Radiofrequency ablation of great saphenous vein**

Dr. José Ignacio Fernández Solares / Dr. Aurora Flórez González / Dr. Agnieszka Nowak Tarnawska

09:50-10:00 **Discussion**

10:00-10:05 **OPERATION ROOM 2. Practical Case. Clinical presentation: Chronical venous disease with small saphenous vein incompetence**

Dr. César García Madrid

10:05-10:10 **Discussion**

- 10:10-10:30 **OPERATION ROOM 2. Practical Case. Radiofrequency ablation of small saphenous vein**
Dr. César García Madrid / Dr. Carlos A. Barrio Rodríguez
Dr. José Ignacio Fernández Solares
- 10:30-11:00 **OPERATION ROOM 1. Practical Case. Radiofrequency ablation of great saphenous vein**
Dr. Maria do Sameiro Caetano Pereira / Dr. Lourdes Reina Gutiérrez
Dr. Agnieszka Nowak Tarnawska / Dr. Aurora Flórez González
- 11:01:30 **Coffe break / Visit the exhibition**

SECOND SESSION: SAPHENOUS VEIN ABLATION II

*Chairmans: Dr. Agustín Arroyo Bielsa / Dr. Carlos A. Barrio Rodríguez
Dr. Javier Pérez Monreal*

- 11:30-11:40 **Indications, technique and what you should never forget in Vena Seal ablation of saphenous vein**
Dr. Maria do Sameiro Caetano Pereira
- 11:40-11:50 **Discussion**
- 11:50-12:20 **OPERATION ROOM 1. Practical Case. VenaSeal Endoluminal ablation of saphenous vein**
Dr. César García Madrid / Dr. Javier Pérez Monreal
Dr. José Ignacio Fernández Solares / Dr. Belky Paz Núñez
- 12:20-12:30 **Discussion**
- 12:30-12:50 **OFFICE PRACTICAL CASE. VenaSeal Endoluminal ablation of saphenous vein**
Dr. Maria do Sameiro Caetano Pereira / Dr. Lourdes Reina Gutiérrez
Dr. Agnieszka Nowak Tarnawska / Dr. Aurora Flórez González
- 12:50-13:00 **Discussion**
- 13:00-13:10 **Indications, technique and what you should never forget in Mechanico Chemical ablation (MOCA) of saphenous vein with Clarivein**
Dr. César García Madrid

- 13:10-13:20 Discussion
- 13:20-13:50 **OFFICE PRACTICAL CASE. Mechanico Chemical ablation (MOCA) of great saphenous vein with Clarivein**
Dr. Maria do Sameiro Caetano Pereira / Dr. Lourdes Reina Gutiérrez
Dr. Agnieszka Nowak Tarnawska / Dr. Aurora Flórez González
- 13:50-14:00 Discussion
- 14:00-14:20 **OPERATION ROOM 1. Practical Case. Mechanico Chemical ablation (MOCA) of great saphenous vein with Clarivein**
Dr. César García Madrid / Dr. José Ignacio Fernández Solares
Dr. Carlos Barrio Rodríguez / Dr. Belky Paz Núñez
- 14:20-14:30 Discussion
- 15:00-16:30 Lunch
- 16:30-18:00 Handwork with simulators and experts

❖ Viernes, 1 de diciembre de 2017

THIRD SESSION: SCLEROTHERAPY

Chairmans: Dr. Fidel Fernández Quesada / Dr. Lourdes Reina Gutiérrez

- 09:00-09:20 **Practical Case**
Thigh great saphenous vein ultrasound guided sclerotherapy
Dr. Agnieszka Nowak Tarnawska / Dr. Carlos Barrio Rodríguez
Dr. Aurora Flórez González / Dr. Belky Paz Núñez
- 09:20-09:30 Discussion
- 09:30-09:40 **Complications of sclerotherapy: Prevention**
Dr. Lourdes Reina Gutiérrez
- 09:40-09:50 Discussion
- 09:50-10:00 **Practical Case. Thigh great saphenous vein ultrasound guided sclerotherapy for recurrent varicose veins following CHIVA therapy**
Dr. Aurora Flórez González / Dr. Agnieszka Nowak Tarnawska
Dr. Carlos Barrio Rodríguez / Dr. Belky Paz Núñez

- 10:00-10:10 Discussion
- 10:10-10:20 **Complications postsclerotherapy: Treatment**
Dr. Lourdes Reina Gutiérrez
- 10:20-10:30 Discussion
- 10:30-10:50 **Practical Case.**
Great saphenous vein ultrasound guided sclerotherapy
Dr. Javier Pérez Monreal / Dr. José Ignacio Fernández Solares
Dr. Carlos Barrio Rodríguez
- 10:50-11:00 Discussion
- 11:00-11:30 **Coffe break / Visit the exhibition**
- 11:30-11:50 **Practical Case. Recurrent varicose vein ultrasound guided sclerotherapy with groin neovascularization and anterior saphenous veins incompetence**
Dr. Lourdes Reina Gutiérrez / Dr. José Ignacio Fernández Solares
Dr. Aurora Flórez González / Dr. Carlos Barrio Rodríguez
- 11:50-12:00 Discussion
- 12:00-12:10 **VIDEO FLASH.** Dr. Agnieszka Nowak Tarnawska
- 12:10-12:30 **Practical Case. C1 varicose veins sclerotherapy**
Dr. José Ignacio Fernández Solares / Dr. Javier Pérez Monreal
Dr. Carlos Barrio Rodríguez / Dr. Aurora Flórez González
- 12:30-12:40 Discussion
- 12:40-12:50 **VIDEO FLASH.** Dr. Agnieszka Nowak Tarnawska
- 12:50-13:10 **Practical Case. Venous ulcer sclerotherapy**
Dr. Javier Pérez Monreal / Dr. José Ignacio Fernández Solares
Dr. Aurora Flórez González / Dr. Carlos Barrio Rodríguez
- 13:10-13:20 Discussion
- 13:20-13:30 **VIDEO FLASH.** Dr. Agnieszka Nowak Tarnawska
- 13:30-14:30 **Handwork with simulators and experts**
- 14:30 Closing

PRACTICAL CASE RETRANSMISSION

APPROACH TO NEW ENDOLUMINAL TREATMENT TECHNIQUES OF THE SAPHENOUS TRUNK

DATE → **30th november - 1st december, 2017**

VENUE → **Madrid, Cruz Roja Central Hospital. Exhibitions Hall.**
Basement Floor. (Access by Avenue de la Reina Victoria 26. Madrid 28003)

SCHEDULE → **Thursday, 30th november 2017: 8:30 - 18:00**
Friday, 1st december 2017: 9:00 - 14:30

REGISTRATION FEE → Residents of the specialty* → 200 € + VAT
CEFYL Members → 425 € + VAT
NON CEFyL Members → 485 € + VAT

Registration fee includes: Documentation, admission to scientific events, coffee break and lunch

*Residents must prove their status

Spanish - English - Spanish
SIMULTANEOUS INTERPRETING will be available

**Practical workshop with experts on the use of materials with
simulators and practice of visual and ultrasound guided sclerotherapy**
